

Welcome to a little tutorial to create an
animation with Alice3

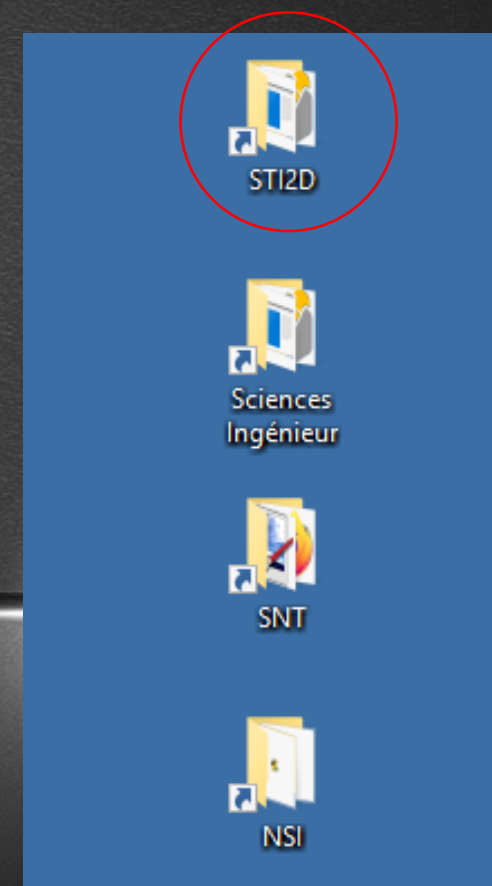

Alice

Open Alice 3

Go to you'r desktop and find the file called « STI2D »

Then find « Alice 3 »

Réseau > SRV-APPLIS > Raccourcis bureau > STI2D

Rechercher dans : STI2D

Nom	Modifié le	Type	Taille

declare procedure myFirstMethod
do in order
  drop statement here

```

When it's done, to add some details go to « Setup scene »

A lot of choice for you animation

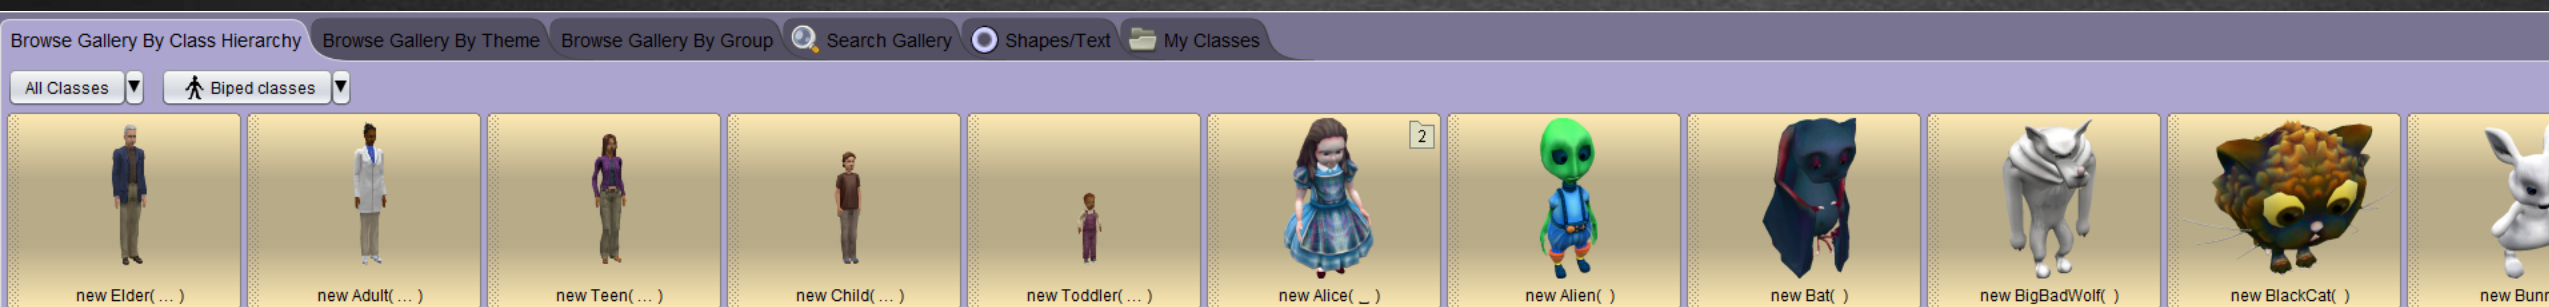

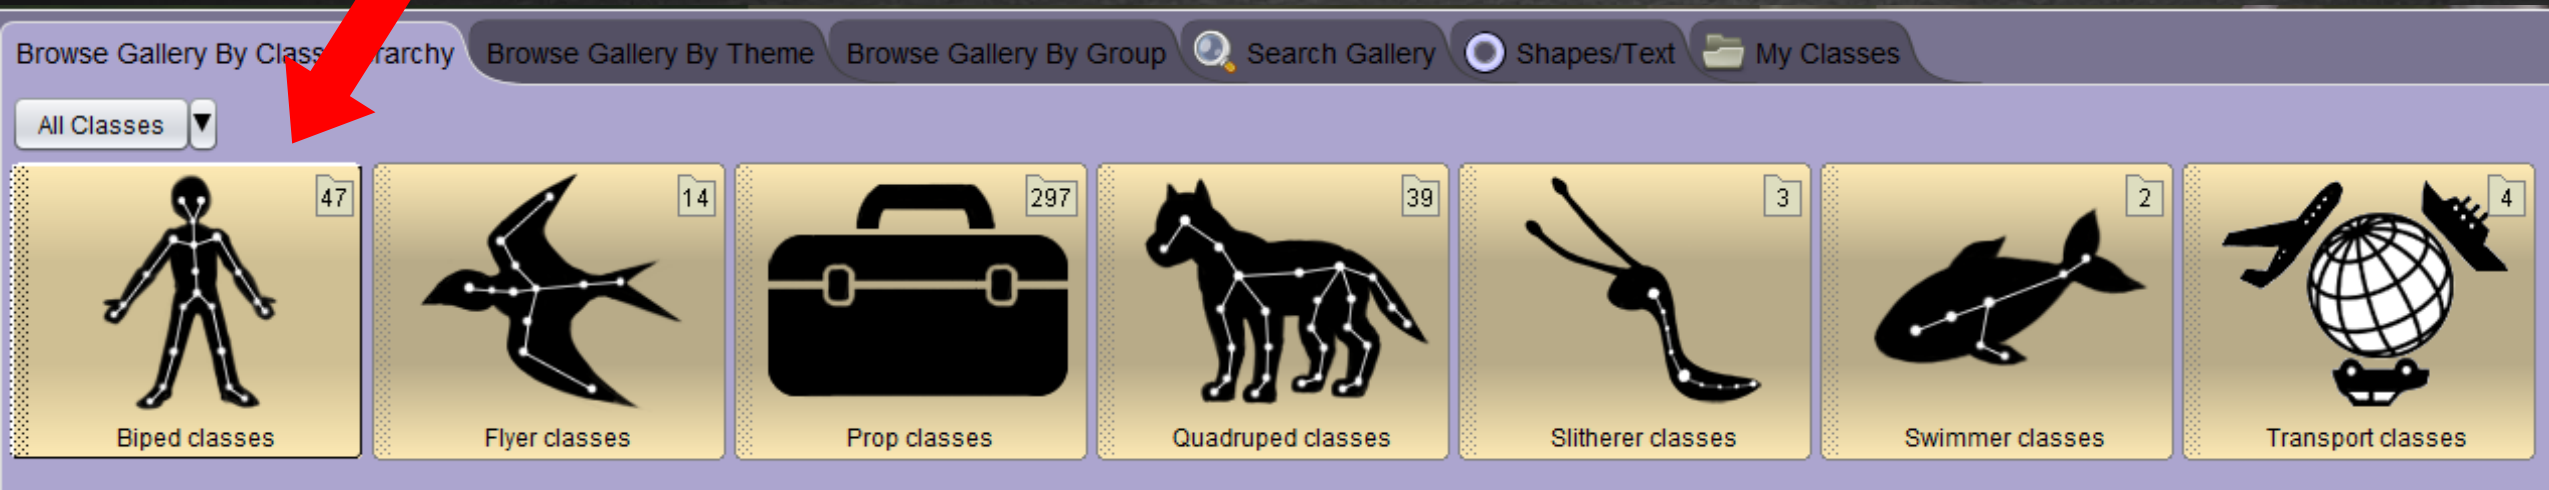

There is a few class to improve you'r environnement with flyer classes or props

Browse Gallery By Class Hierarchy | Browse Gallery By Theme | Browse Gallery By Group | Search Gallery | Shapes/Text | My Classes

All Classes ▾

 47 Biped classes	 14 Flyer classes	 297 Prop classes	 39 Quadruped classes	 3 Slitherer classes	 2 Swimmer classes	 4 Transport classes
---	--	---	--	---	---	---

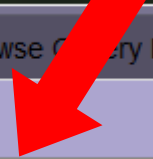

If you want to put some humain/monster/ghost go to the biped class

For the flying animal it's here

Browse Gallery By Class Hierarchy | Browse Gallery By Theme | Browse Gallery By Group | Search Gallery | Shapes/Text | My Classes
